This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. VALUABLE MEDICINES,
SOLD BY I. THOMAS.

Eighty Thouſand Perſons of all ages, have, within two years paſt, found relief from

Hamilton's Wormdeſtroying Lozenges.

IN various dangerous complaints ariſing from worms, and from foulneſs or obſtruction in the ſtomach and bowels.

This medicine bears no analogy whatever to others of ſimilar title, ſo commonly complained of as operating with a degree of violence, ſufficient not only to kill worms, but ſometimes to endanger the patient's life; on the contrary a peculiar excellence of this remedy is, its being ſuited to every age and conſtitution; contains nothing but what is perfectly innocent, and is ſo mild in its operation that it cannot injure the moſt delicate pregnant lady, or the tendereſt infant of a week old, ſhould no worms exiſt in the body; but will, without pain or griping, cleanſe the ſtomach and bowels of whatever is foul or offenſive, and thereby prevent the production of worms and many fatal diſorders. They are particularly efficacious in carrying off all groſs humors and eruptions; feveriſh and billious complaints, and are the ſafeſt and mildeſt purgative that can be uſed on any occaſion.

Children generally take this medicine with eagerneſs; having a pleaſant appearance, and an agreeable taſte.

DESCRIPTION OF WORMS,
And the ſymptoms by which they are known.

Worms which infeſt the human body are chiefly of four kinds, viz. The teres, or large round worms, the aſcarides, or ſmall maw worm, and laſtly, the tænia, or tape worm, ſo called from its reſemblance to tape, this is often many yards long, and is full of joints; it is moſt hurtful and moſt difficult to cure.

Among the ſymptoms attending worms, are diſagreeable breath, eſpecially in the morning; bad and corrupted gums; itching in the noſe and about the *fat; convulſions* and epileptic fits, and ſometimes

privation of ſpeech; ſtarting and grinding of the teeth in ſleep; irregular appetite, ſometimes loathing food, and ſometimes voracious; purging with ſlimy and fetid ſtools; vomiting; large and hard belly; pains and ſickneſs at the ſtomach; pains in the head and thighs, with lowneſs of ſpirits; ſlow fever with ſmall and irregular pulſe; a dry cough; exceſſive thirſt; ſometimes pale and unhealthy countenance, and ſometimes the face bloated and flushed.

Perſons afflicted with any of the above ſymptoms, ſhould have immediate recourſe to Hamilton's Worm-deſtroying Lozenges, which have been conſtantly attended with ſucceſs in all complaints ſimilar to thoſe above deſcribed.

Recent cures, ſelected from ſeveral hundreds, the authenticity of which any perſon may aſcertain by letter or perſonal application, not being performed in Europe—nobody knows where—but at home.

A daughter of Mr. Ewing Wiley, No. 109, Cedar-ſtreet, Philadelphia, was dreadfully afflicted with worms, inſomuch that her life was with great reaſon deſpaired of; her complexion faded and grew pale and ſallow; her eyes ſunken; her appetite was loſt, and ſucceeded by a painful and conſtant ſickneſs at the ſtomach; which general waſting and debility was accompanied with every appearance of a dangerous fever. From this deplorable ſituation ſhe was relieved, and reſtored to a ſtate of perfect health and ſtrength in a few days, by the uſe of Hamilton's Worm deſtroying Lozenges; which expelled a great number of large pointed worms, from ſix to nine or twelve inches in length; one of which being of a moſt extraordinary thickneſs (ſuppoſed from half an inch to an inch in diameter) was opened and found to contain a quantity of young ones. The above is communicated by Mr. Wiley, believing its peruſal may be uſeful to many, by extending the knowledge of a medicine which merits univerſal attention.

MICHAEL DUFFY, reſiding at No. 47, Wilkes-ſtreet, Fell's point, in the city of Baltimore, voluntarily maketh oath, that the following ſtatement is juſt and true.

In the beginning of May laſt my three children, a boy of ſeven, and two girls, the one five, and the other three years of age, were taken very ill, nearly at the ſame time, of a common fever, as I then ſuppoſed; but was ſoon convinced the diſorder was

caused by worms; they were frequently troubled with convulsion fits and violent startings in their sleep, and with almost continual vomiting and purging, particularly the youngest. I made immediate application to a physician of the first reputation, and his medicines were administered with a confidence of success which only increased our disappointment. The children grew daily worse, and I was absolutely without hopes of their recovery. The youngest one appeared almost devoid of animation, and scarcely an inhabitant of this world. In this distressing moment I was told that Hamilton's Wormdestroying Lozenges had performed many cures in cases equally desperate. I immediately purchased a box, and gave each of them a dose, which in a few hours produced the most desirable effects; the eldest vomited a great number of very large worms, and the second thousands of small ones, many of them not a quarter of an inch long; in the youngest they seemed to be consumed, and had the appearance of skins of a slimy matter. I repeated the dose agreeably to the paper of directions, and they all speedily recovered a good state of health, which they still enjoy, though five months have nearly elapsed since they were on the borders of the grave, and the death of the whole appeared to be inevitable.

Sworn before me, this 26th day of Sept. 1799.

J. SMITH.

Letter from Mr. ABERCROMBY, Soap and Candle Manufacturer, No. 28, Bridgestreet, Baltimore, to the Proprietors of Hamilton's Worm destroying Lozenges.

October 12, 1799.

SIRS,

I THINK it my duty to inform you that I have experienced the happiest effects from your Lozenges, having been much afflicted for four years past with various complaints caused by a cold, particularly a constant pain in my stomach and bowels, frequent and severe head ache, with a general lassitude and weakness, during which time I had the best medical advice that could be obtained from the most skillful physicians I could hear of, both American and European, but without any alleviation.

I should too probably have continued without relief, but for your Worm destroying Lozenges, which brought from me an astonishing quantity of small *white worms, about the size of a coarse thread, and in a short time I found myself free from all cause of complaint.*

Colds, Coughs, Sore Throats and Aſthmas.

Hamilton's Elixir.

A ſovereign remedy for Colds, obſtinate Coughs, Catarrhs, Aſthmas, Sore Throats and approaching Conſumptions.

To parents who may have children afflicted with the Hooping cough. This diſcovery is of the firſt magnitude, as it affords immediate relief, checks the progreſs, and in a ſhort time entirely removes that moſt cruel diſorder to which children are liable. The Elixir is ſo perfectly agreeable, and the doſe ſo ſmall, that no difficulty ariſes in taking it.

DANGEROUS COLD.

DAVID GILBERT, Toyman, No. 46, South Fourthſtreet, Philadelphia, voluntarily maketh oath, as follows, viz. that about eight months ago, he caught a ſevere cold, which reſiſted every remedy he could think of, and produced the moſt alarming effects; he could procure no reſt for inceſſant coughing, nor breathe without great pain and difficulty, and was finally ſo exhauſted, as to be ſcarcely able to walk about, which left his friends little hopes of his recovery, though the preſcriptions of a reſpectable phyſician were conſtantly attended to. In this ſituation, hearing of the efficacy of Hamilton's Elixir, a bottle was procured from Mr. Birch, No. 17, South Secondſtreet, the firſt doſe of which afforded the moſt ſurpriſing relief, and gave him more eaſe than he had enjoyed during the whole of the above period, and before the contents of one bottle were taken, he was perfectly cured, his ſtrength and appetite recovered, and not a ſymptom of his former diſtreſſing complaints remained.

The above particulars the ſaid David Gilbert wiſhes to be made public, as a teſtimony of his gratitude, and for the benefit of mankind.

DAVID GILBERT.
